Product Overview

TEAC's UR-NEXT is the 4K and 3D/Dual Channel recording solution you have been waiting for! Now is the time to add 4K recording with workflow enhancements including intuitive touch display control, PACS/EMR integration, printing, and documentation capabilities to your OR. With UR-NEXT 4K, you can record in the latest 4K resolutions, AND support Full HD recording from any surgical camera or visualization system for complete backward compatibility- perfect if you have 4K now or are planning to transition to 4K in the future. The touchscreen user interface also features the use of a multifunctional jog dial for a truly simple and efficient user control experience. Paired with TEAC's unmatched reliability and quality, UR-NEXT 4K is the ultra-clear choice.
